OUR EXPERIENCE ***YOUR PEACE OF MIND***

Hot Line Construction, Inc. was established in 1986 as a closely held CPUC- and WBE-certified contractor. Since then, we have continued to expand our capabilities to encompass all aspects of high voltage construction.

Over the years, we have experienced steady and controlled growth. This provides us with the resources we need to respond to large-scale natural disasters and the capacity to work one-on-one with you, our customer.

*AT HOT LINE CONSTRUCTION,
WE BELIEVE THAT SAFETY,
RELIABILITY AND RESULTS GO
HAND IN HAND. FOR OVER
THREE DECADES, THIS PHILOSOPHY
HAS DRIVEN US TO DELIVER
HIGH VOLTAGE ELECTRICAL
CONSTRUCTION SERVICES THAT
ENSURE YOUR COMPLETE SATISFACTION.*

**SINCE
1986**

ENVIRONMENTAL RESPONSIBILITY

Our commitment to safety extends to protecting the environment in which we live and work. To that end, we set high standards for environmental responsibility. Hot Line's Environmental Policy Program is designed to establish ecological awareness and preservation in all areas of our business, from our office to the field.

WELL EQUIPPED TO SUCCEED

Timely project delivery depends on having the right resources at the right time. Hot Line Construction maintains a fleet of vehicles and equipment to handle any size or type of job. We employ the latest mobile technology to stay connected no matter where we are, streamlining workflow to stay on time and on budget.

COMMITMENT TO SAFETY

Hot Line Construction's impeccable safety record is the result of our steadfast commitment to rigorous standards and excellent communication. Our comprehensive Safety and Health Program incorporates daily and weekly safety meetings, regular on-site job inspections, advanced safety equipment and ongoing training.

A TEAM OF HIGHLY SKILLED PROFESSIONALS

Having a solid corporate structure is key to delivering successful projects. Hot Line's core team of experts has decades of experience in the industry.

Our relationship with the International Brotherhood of Electrical Workers (IBEW) and the National Electrical Contractors Association (NECA) ensures we have the full complement of well-trained, safety-conscious workers on every job.

We continue to enhance our workers' skills through training programs developed by Hot Line's safety team as well as other industry experts.

AVAILABLE
WHENEVER,
WHEREVER

The Hot Line team provides you with high voltage construction solutions whenever and wherever you need us. We are available 24 hours a day, 365 days a year, no matter the size or complexity of the job.
